

## Green Club Report 2023-24

The college has a lush green campus with gardens in front. There are two more quadrangles with different plants surrounded by the college building. College Green club takes initiative in activities to take the college a step towards making a green campus.

The following activities were undertaken as Green initiatives by the Green Club of the college in association with NSS Unit.

### E-WASTE COLLECTION DRIVE:

On 16<sup>th</sup> & 18<sup>th</sup> January 2024, students volunteers participated in collecting electronic waste from various departments of the college. They also kept a record of submissions and segregation.

### COMPOSTING:

On 11<sup>th</sup> March 2024, a new Composting Project in association with Rashmi Joshi Foundation was inaugurated.

### TREE PLANTATION AT COLLEGE PREMISES IN COLLABORATION WITH NSS AND NGO

A tree plantation event at our college campus on the occasion of World Environment Day, 5<sup>th</sup> June 2024, was conducted. Volunteers actively participated in planting trees, promoting environmental awareness, and contributing to a greener campus. This initiative reflects our commitment to sustainability and environmental conservation.

### SEEDBALL MAKING:

In the Seed Ball Making Workshop, Mrs. Rashmi Joshi (Rashmi Joshi NGO) taught the students about the required composition of soil & the technique to make the seed balls. 30 volunteers took training under her able guidance and created 452 seed balls of Jackfruit, Tamarind & Sunflower seeds.

## TREE PLANTATION AT COLLEGE PREMISES WITH PUNJAB AND SIND BANK

Students participated in the Tree Plantation drive organized by Punjab and Sind Bank to celebrate their 117<sup>th</sup> Foundation Day, i.e. on 21<sup>st</sup> June 2024. The event highlighted environmental responsibility and community engagement, contributing to a greener, more sustainable future.

## PAPER BAG MAKING WORKSHOP

On 17th August 2024, our NSS Unit and Green Club jointly organized a Paper Bag Making Workshop at G. N. Khalsa College (Autonomous), Matunga, where Mrs. Kavita Gala hosted an impactful session. Participants enthusiastically learned how to craft eco-friendly paper bags, with a total of 45 bags created during the workshop. This hands-on experience was a meaningful step toward our commitment to sustainability, empowering attendees to reduce plastic waste through creative, eco-conscious solutions.

**Microgreens, Planters making, Dish Gardening and Vegetable Printing.** In association with IQAC the club had organized courses for Microgreens, Planters making, Dish Gardening and Vegetable Printing. Students of SY and TY from Arts, Science and Commerce have attended the course as their co-curricular as well as extracurricular activity.
