Affiliated by University of Mumbai & Recognized by Govt. of Maharashtra
Accredited by NAAC with 'A' Grade with CGPA of 3.54

“MICRO TALKIES”

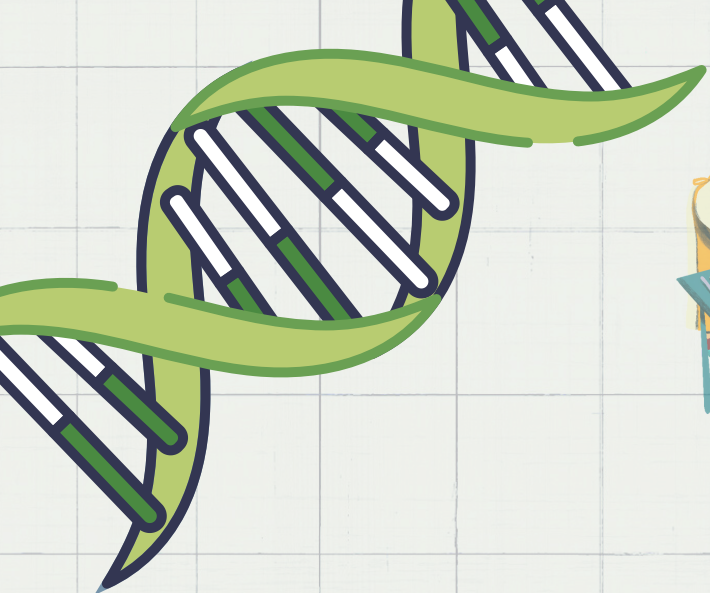

Microtalkies is the annual departmental fest of the Department of Microbiology, Khalsa College, Mumbai, initiated in 2022. It is not merely an activity-based program, but a comprehensive academic and co-curricular platform designed to encourage holistic student development beyond traditional classroom learning.

The fest provides students with a unique opportunity to explore microbiology in a creative, interactive, and practical manner. Microtalkies includes a diverse range of online events such as Dialogues, reel making, meme creation, and short story canvas, along with offline events including the microbiology fashion show, treasure hunt, T-shirt painting, and the most popular event, Microchef.

Microtalkies helps in developing communication skills, financial planning, event management, and organizational abilities, as students actively participate in planning, coordinating, and executing the fest. The fest promotes peer learning, inter-student interaction.

Microtalkies serves as an important departmental initiative that blends academics with creativity, making learning enjoyable while preparing students for future academic and professional challenges.
