

NDRF Conducts Disaster Management Awareness Session with Live Demonstration for BMS and BBA Students

Guru Nanak Khalsa College of Arts, Science & Commerce (Autonomous), Matunga, Mumbai, organised a Disaster Management Awareness Session with a live demonstration for students of BMS and BBA, aimed at promoting disaster preparedness, safety awareness and emergency response skills.

The session was conducted by **Shri Deepak Kumar, along with his team, from the National Disaster Response Force (NDRF)**. The programme provided students with valuable insights into the importance of disaster management and the role of trained response teams in handling emergency situations.

During the session, the NDRF team explained various aspects of disaster preparedness, preventive measures and appropriate responses during emergencies. Students were sensitised to the importance of remaining calm, following safety protocols, assisting others responsibly and taking appropriate action during unforeseen situations.

A key highlight of the programme was the **live demonstration by the NDRF team**, which helped students understand the practical application of disaster management techniques. The interactive session enabled students to connect theoretical concepts with real-life emergency response practices.

The session was particularly relevant for management students, as Disaster Management forms part of their academic learning. It reinforced the importance of preparedness, teamwork, quick decision-making and responsible action during critical situations.

The college expresses its sincere gratitude to Shri Deepak Kumar and the NDRF team for sharing their expertise and conducting an informative and engaging session. The initiative reflects the institution's commitment to experiential learning, student safety and the holistic development of its students.
