# POSTER MAKING COMPETITION

*CELEBRATING 100 YEARS OF DE BROGLIE WAVE*

**Honouring the idea that changed the way we see  
matter – wave & particle.**

## Event details

### Poster Preparation:

Posters must be prepared at home  
and brought on the event day.

Size: 2x3 feet

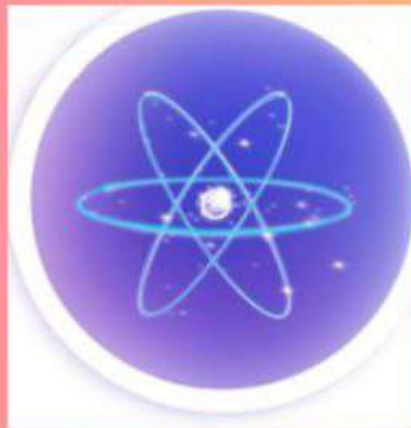

### Participation:

- Individual or team of maximum 2 members

### Poster Display & Explanation:

Participants will display their  
posters and explain the concept to  
judges and viewers.

**For registration  
scan the QR code**

## Why participate?

- Explore modern physics creatively
- Showcase your scientific thinking
- Improve presentation skills
- Win prizes & certificates

## Theme areas:

Participants may choose  
any ONE topic:

- Quantum Physics
- Nano Physics
- Astro Physics
